FAITH. Do you ever have those times when God puts the same subject in front of you over and over? He has been talking to me about faith - faith in prayer, faith in His goodness and faith in His promises. "God has given us a consistent reminder of his faithfulness: the seasons come and go as surely as the sun will rise tomorrow, and God set the seasons in motion as a way of saying, "Year in and year out, you trust the seasons to return, now trust me to be just as faithful." ~Jon Walker. "But without faith *it is* impossible to please *Him*, for he who comes to God must believe that He is, and *that* He is a rewarder of those who diligently seek Him." Hebrews 11:6 This past month I have been diligently seeking the Lord and His will. Seeking His peace. Seeking His wisdom, healing and protection and growing in my faith.

Our quick camping trip to Big Bear Lake with NCCC Outdoor Ministry was a refreshing time for Jose Luis and I amongst the trees, worshipping with 40 others and refueling with the Holy Spirit. I think we appreciate these trips more than many since trees and lakes are pretty scarce in Tijuana. But we do have a beautiful beach and we had the privilege of taking 25 kids from Vision B for a beach day in front of the Rosarito Beach Hotel. A large group from NCCC came to bless those kids and the smiles and laughter were worth every minute of preparation. The children played hard, ate Subway sandwiches and we bought ice cream for all. A highlight was the circle prayer time where the youngest new child, 3 years old, prayed in front of the entire group. These children have FAITH beyond what I can imagine and their love for the Lord is evident. Thank you God for provision for their schooling and please continue to pray for a larger property where the kids can have room to play.

Calvary Chapel Vista del Valle is not easy. Jose Luis is a great pastor but the soil is hard and the seeds of the gospel often fall on rocky ground. Many people want things but don't want Jesus. Some of those who do want Jesus live in abusive situations and are afraid of change. Thank you to Marina who is faithfully leading a women's bible study on Tuesdays teaching basic principles of the Christian faith such as the Beatitudes, the Fruits of the Spirit and prayer. October and November she will be teaching a course on the book of James. They will receive diplomas for the course and gifts for best attendance and best grade!

Our life changed a bit last Monday night! Jose Luis was driving south in Rosarito when he rear-ended a stopped 96 Jeep Cherokee with our little Toyota Echo. Not a good match. The damage to the Echo is huge. Thankfully no one was hurt in the Jeep and we do have insurance. Jose Luis is receiving treatment for his neck but is doing quite well, however, he will not be driving at night anymore due to a vision problem from a damaged retina. I have been driving everyone everywhere for the past 10 days! Jose Luis will now go to CCVDV on Thursdays to teach the Purple Book (a basic discipleship course) and stay the night. This allows him to teach kids at the feeding kitchen, start a men's Friday morning prayer group and return home in the daylight.

We had a great concert at VDV with three young Christian Rock bands and the youth danced and worshipped for hours (and so did the adults!). This week CC Rosarito is sending a busload to invite people to church using our new flyers, they are serving 200 hamburgers and handling all the children's classes and the music for us. Pray that many new people will come and meet Jesus!

Getting ready for the concert where we served 150 hot dogs and sold treats at cost for the teens. Can't believe I am putting on youth concerts at my age!

Kids eating lunch. They come after the morning session or before the afternoon session. The kids love it when Jose Luis teaches them about the bible. Spiritual food and food for the tummies. Can you imagine sending your child to school without breakfast or lunch? A commitment of \$50 per month will feed 25 kids for a week and is tax deductible.
