

**Step by step You lead me and I will follow you all of my days ....**

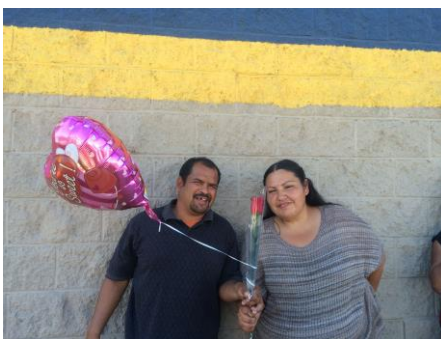

[pesina.weebly.com](http://pesina.weebly.com)

**April 2014**

That was the first song I learned as a baby Christian in 1985 and I am still singing it but with more revelation of what it means to follow God step by step.

All the gals were dressed up and excited to be going to the Horizon Church conference in Ensenada. Cindy took the wheel and we all prayed for protection. As we made the first turn on the highway out of Vista del Valle, BOOM! The differential and who knows what else broke and that's all she wrote. I pulled off the highway next to a very smelly dead dog and the ladies and I walked to the gas station to have a cappuccino while the guys figured out what to do. Long story short and \$350 later the van is back on the road but no, we did not get to go to the conference. This old van has seen it's best days so please join with us in prayer for a larger vehicle that can be used to transport people to conferences, baptisms, and church. We are carrying 40 people per service, two services per week in the 90 Dodge.

The 16 people who were in the van are people who are now serving at [Gracia del Calvario](#) church in children's ministry, youth ministry, lunch kitchens, music, etc. Wow! What a blessing to have the people of God doing the work of God!

Valentine's Day came with two more couples deciding to follow Jesus and commit to marriage. God is changing families one at a time and healing their wounds. Talk about healing, we had a prayer team from Oceanside come pray for the sick and pray over our youth to carry the gospel to wherever God sends them.

Our ladies ministry was blessed as Morgan's team came and prepared a luncheon, crafts, message, foot massage and more! The gals laughed and played games and truly got to be pampered for 3 hours, which was a new experience for most of them.

The ministry has grown beyond what I could have ever imagined! The two of us can do nothing without God of course. We now find ourselves with four regular paid staff working with us which allows us to minister more but presents many challenges such as pay, managing staff, etc. – all new for us. God is stretching us but also providing work for four Mexican people that want to serve God and need provision to live.

This was the driest winter we have seen so the tent church situation worked out well but wow, those tents get hot in the sun! The second wall has gone up on the concrete block room and there are plenty more blocks to lay for anyone looking for a little weekend exercise. Hopefully, the building can be finished and provide a safe room for sound, computers, etc. as well as a small meeting room for services.

probably 11, not 10 years old. The adoption is STILL moving forward with no problems. Pray for this to be finalized.

Thank you for reading, for praying, for sending teams, sending money and provision. Without all of you, this ministry would not be possible. Thank you for making an eternal difference with the resources God has given you. With so little personal time, we miss our family and friends but know that we are following God, step by step. Joshua 1:3 "Every place that the sole of your foot will tread upon I have given you".
